WASHROOM  
ARCHITECTURE

Ideal Standard

PART OF THE IDEAL STANDARD GROUP

Each washroom collection is created for the sole purpose of realising your design intent. While all our products fulfil specific needs, nothing is designed in isolation. Every fitting, every basin, every curve contributes to a sense of harmony – working together to present the simplest, most complete solution for your space.

PART OF THE  
ARCHITECTURE,  
NOT THE  
FURNITURE.

### Product innovation

In collaboration with world-leading architects, construction firms and universities, we are working to shape the future of modern living.

From our roots pioneering products like the Ceramic Disk Cartridge, we have developed design solutions such as Sphero, a range of urinals crafted for impact, efficiency and hygiene; AquaBlade, the most significant development in the category since the invention of the flush toilet; and the Sensorflow 21 Compact mixer – made to drastically save water, improve hygiene and resist damage.

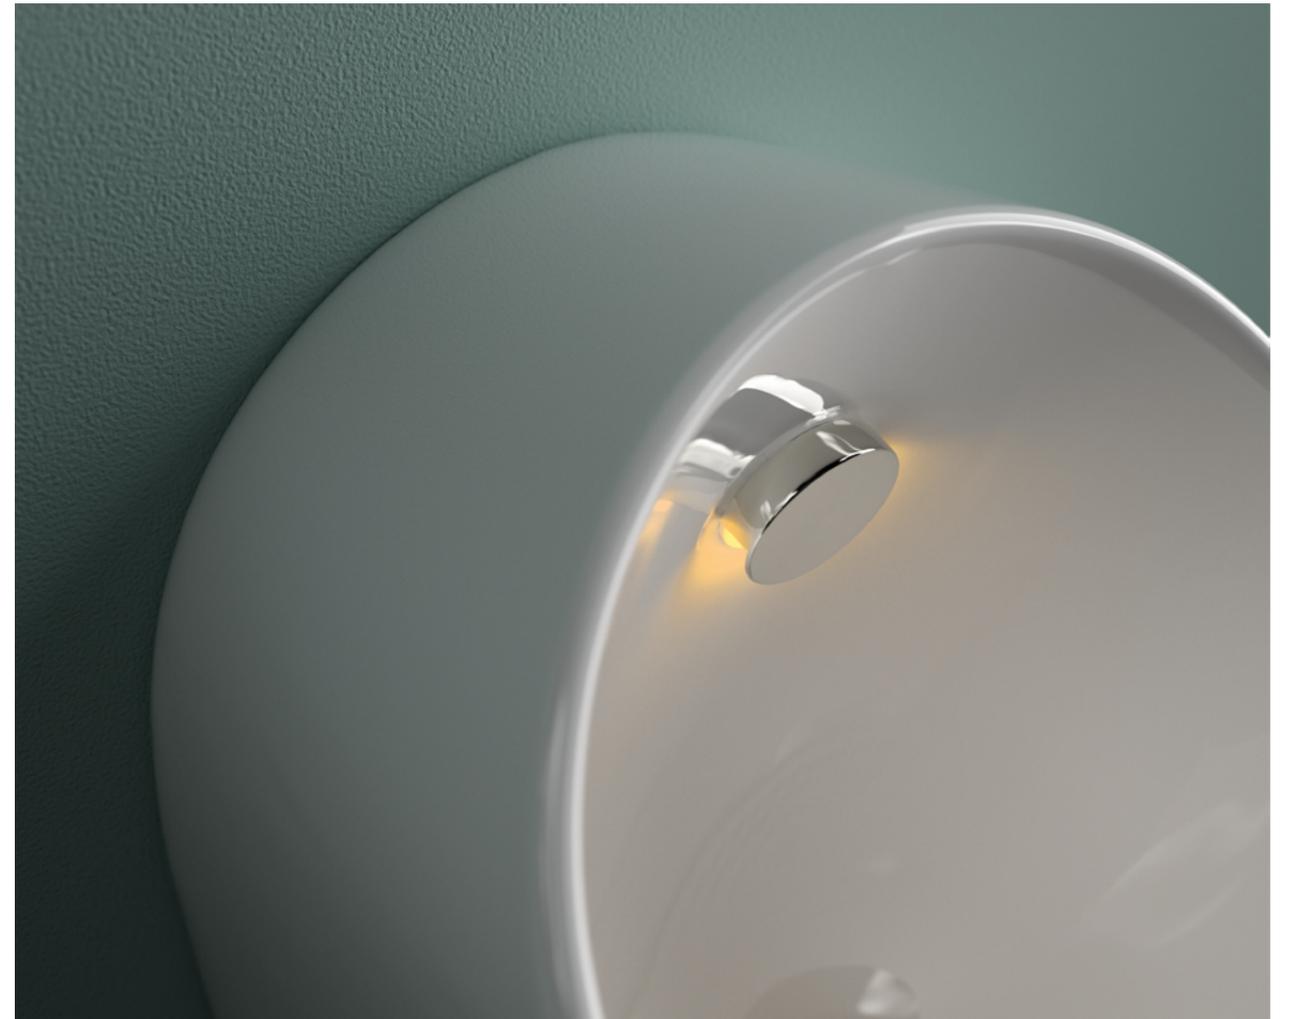

2015  
Sensorflow Wave

**“We have taken an item that has historically been primarily about functionality and through a combination of high aesthetic design and great engineering completely reinvented it.”**

**Robin Levien**  
— Designer of the Sphero range

2020  
Sphero Maxi

# SILHOUETTE

WASH TROUGH

## CUSTOM MINIMALISM

Standard and bespoke sizes.

## EFFORTLESS INSTALLATION

Wall hung or mounted  
on a vanity unit.

WASHROOM  
ARCHITECTURE

Silhouette Wash Trough / Sensorflow 21 Compact Spout /  
Soap Dispensers / Edit L Wall Hung WC

# LEADENHALL

WALL HUNG BASIN

## LANDMARK PIECE

Designed in partnership with Rogers Stirk Harbour architects.

## CLEAN STYLE

No visible bottle trap means greater hygiene and simplicity of form.

Leadenhall Basin / Sensorflow 21 Wall Spout

# SENSORFLOW 21

COMPACT SPOUT

## TOUCH FREE

Touchless design for ultimate hygiene and water efficiency.

## VERSATILE CHOICE

Wall and deck mounted, with supporting accessories.

Edit S Under-Countertop Basin / Sensorflow 21 Compact Spout

# BISHOPSGATE

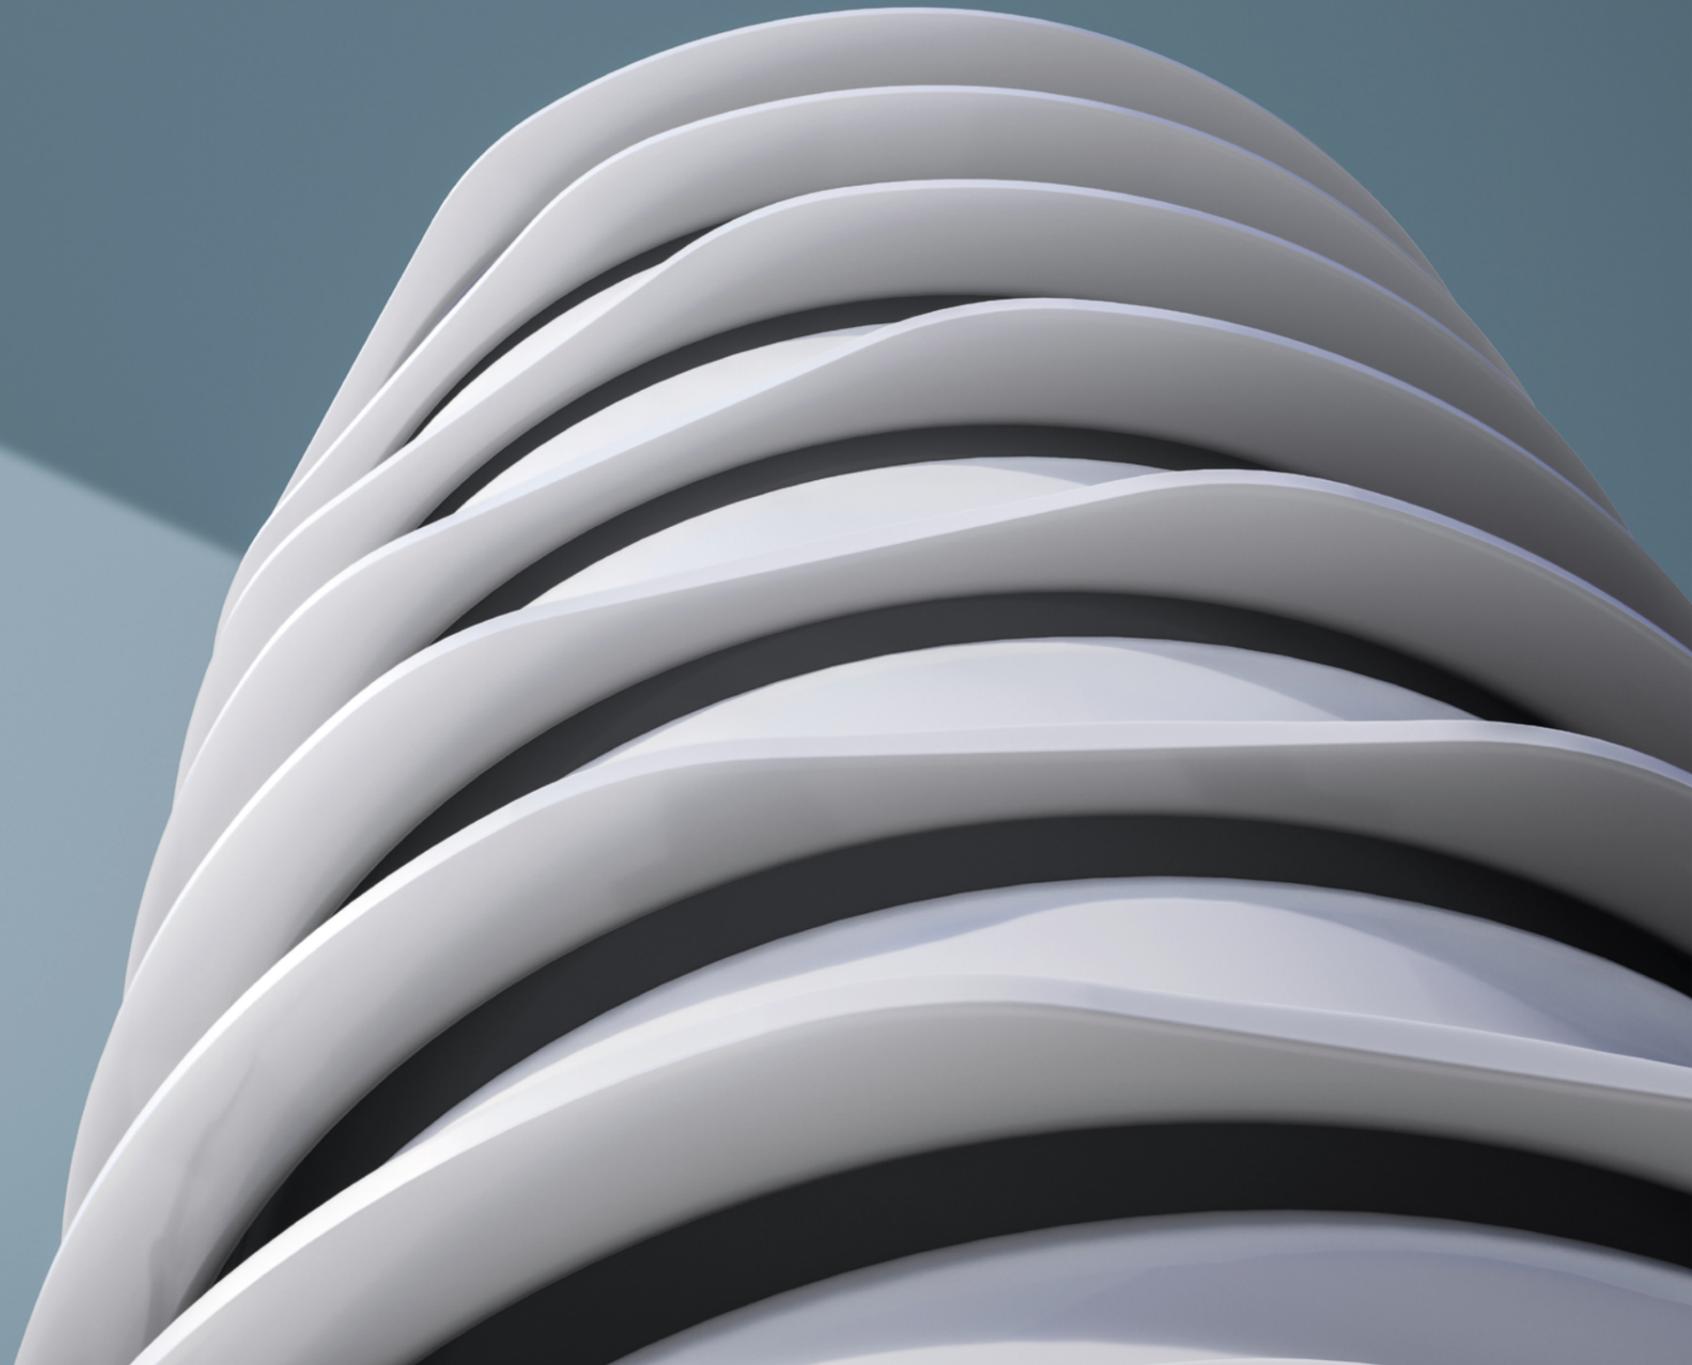

UNDER-COUNTERTOP WASH BASIN

## SPACE ECONOMY

This striking, compact circular basin sits under the counter.

## CLEAR AND CLEAN

Bishopsgate is designed to accommodate both a tap and soap dispenser.

Bishopgate Under-Countertop Basin /  
Sensorflow 21 Compact Spout / Soap Dispenser

# EDIT L AQUABLADE

WALL HUNG WC

## FLUSH INNOVATION

Cleaning more of the bowl with less water and no splashing  
AquaBlade is quieter, cleaner and smarter than its contemporaries.

Edit S Countertop Basin / Edit R Wall Mounted Mixer /  
Profile Urinal / Edit S Wall Hung WC

# CONTOUR 21 SL

BASIN MIXER

## WELLBEING FOCUSED

Self-draining and splash deflecting, with safe temperature control.

## STYLE OPTIONS

Range of shapes and handle options for different environments.

Edit L Basin / Contour 21 SL Basin Mixer

# EDIT ASSIST

DOC M PACK

## FULL SUPPORT

Created for all abilities.

## FOR HIGH IMPACT

A high performing, compliant collection designed to make a lasting impression.

Edit R Back To Wall WC / Edit Assist Raised Height Back To Wall WC

# SPHERO

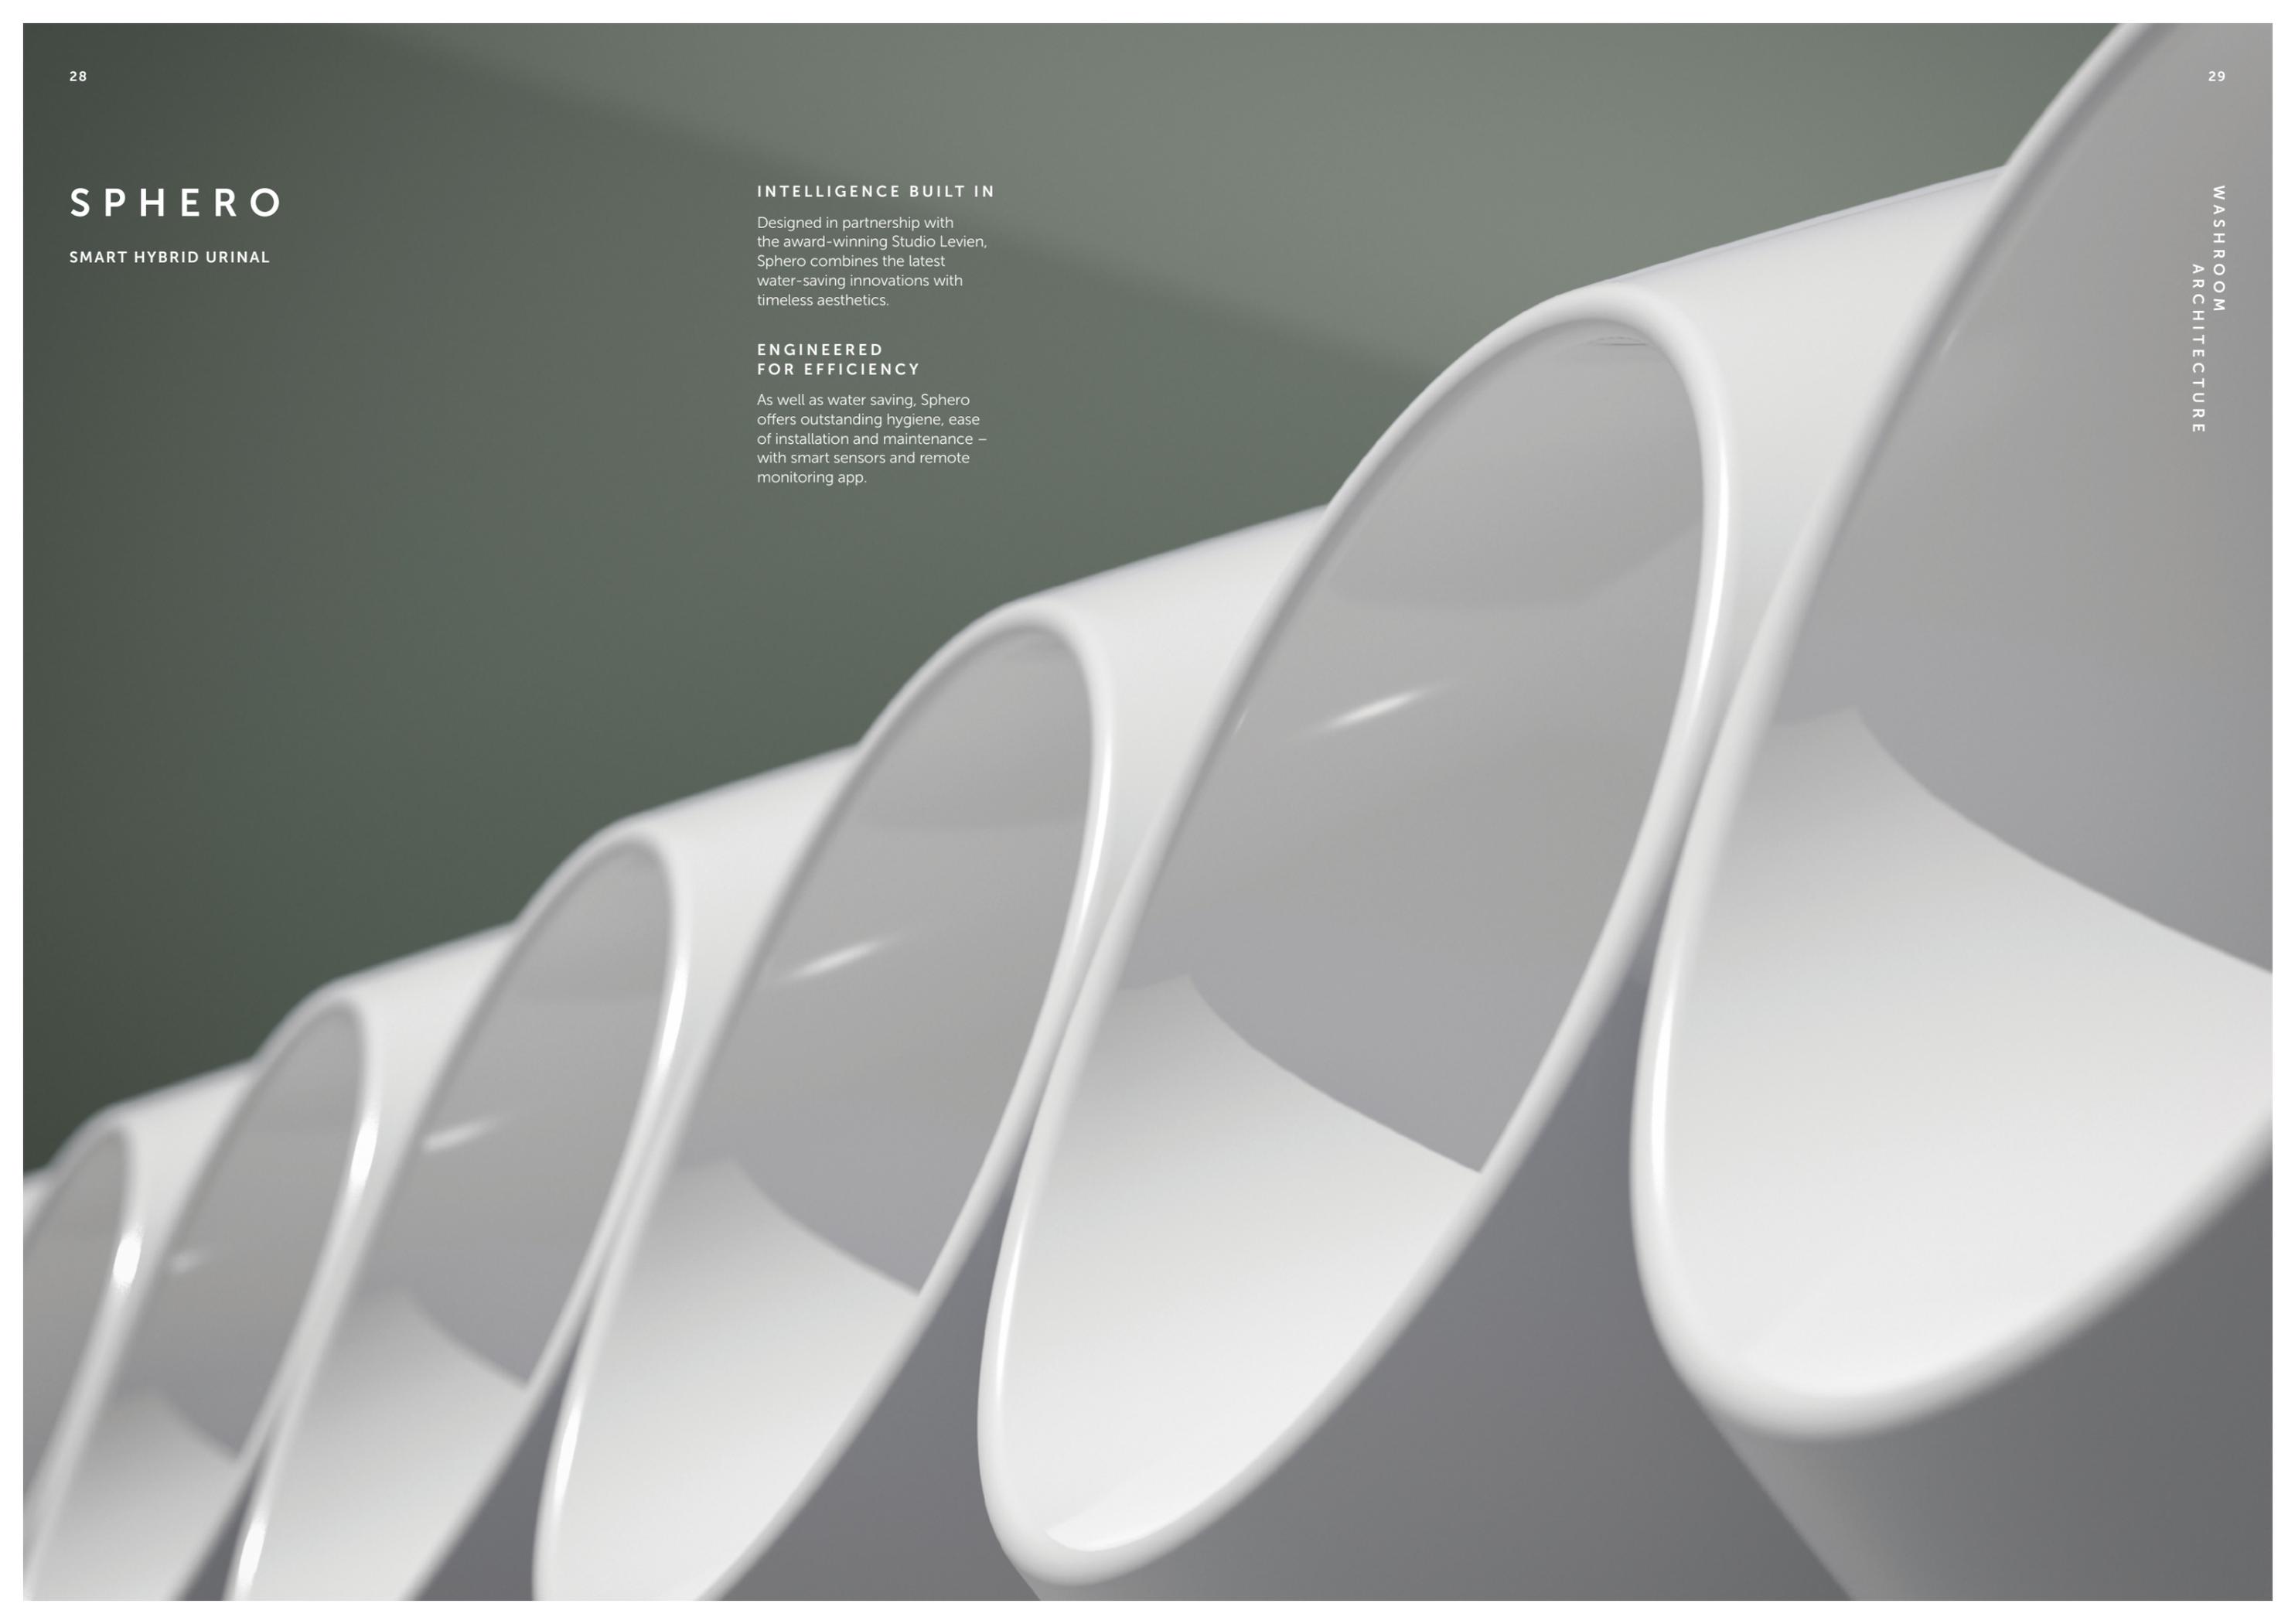

SMART HYBRID URINAL

## INTELLIGENCE BUILT IN

Designed in partnership with the award-winning Studio Levien, Sphero combines the latest water-saving innovations with timeless aesthetics.

## ENGINEERED FOR EFFICIENCY

As well as water saving, Sphero offers outstanding hygiene, ease of installation and maintenance – with smart sensors and remote monitoring app.

## CONSIDERED ENVIRONMENTS

### Sustainable water use

Flushing toilets, urinals and washing activities contribute to the majority of fresh water use in all buildings.

A growing population, changing climate and an increasing need for industrial extraction are just three reasons why we design-in water-saving features across our collections.

For example, our Sphero urinal collection has a stadium mode of reactive flushing which can save up to 50,000L of water per year.

Limiting cistern capacity – doing the same job with less water – or even waterless systems – can also reduce consumption without affecting user experience.

# PROJECT BLUEPRINTS

SUPPORT FOR YOUR TEAM AT EVERY STAGE OF THE DESIGN PROCESS

### Specification support

Draw on our deep cross-sector experience to help plan and deliver your washroom project. From a detailed specification based on customer needs and budget, to general advice on regulations and delivery – we're ready to provide the answers you need.

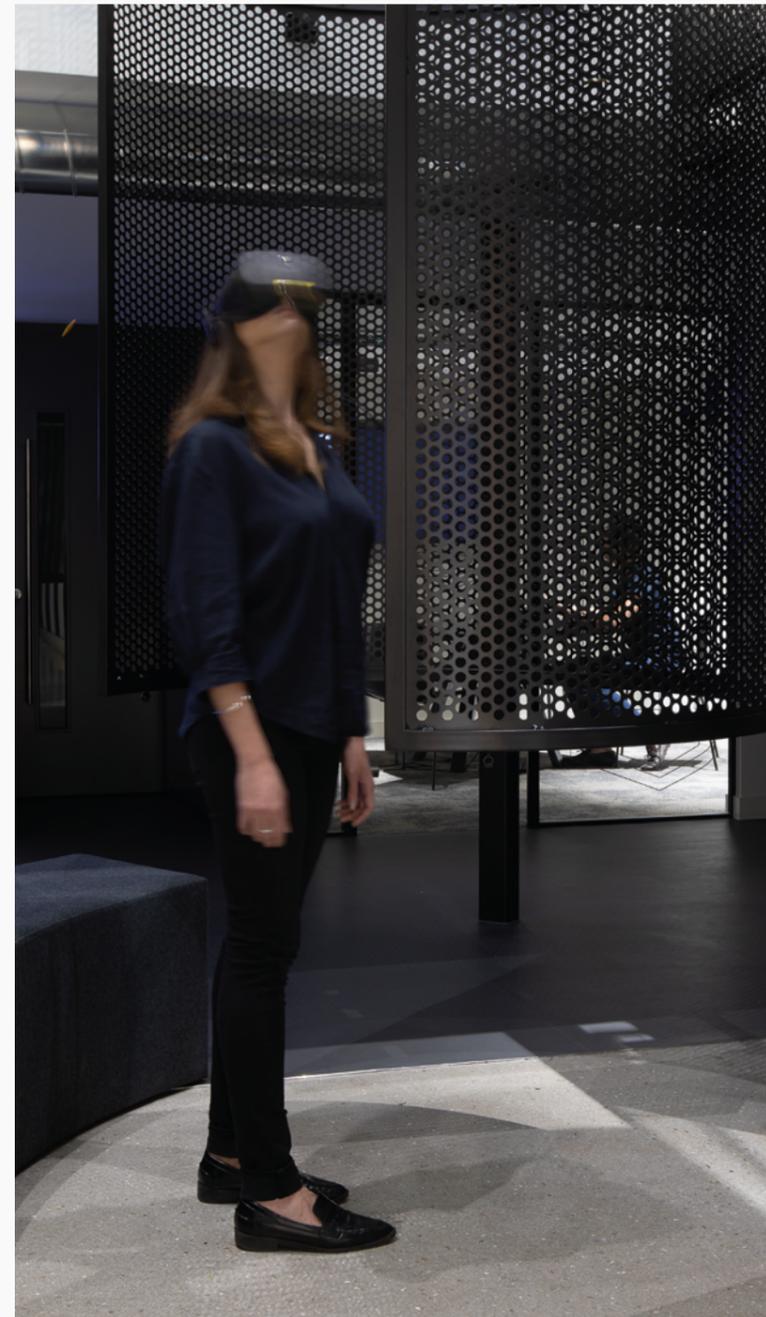

### Continuous care

Though just one part of your bigger project, the design and specification of a washroom is integral to the users' experience of the whole building. And so, our teams are ready to provide support before, during and long after your chosen collection has been installed.

### Specification support

### VR washroom visualisation

### Visualisation service

Every one of our washroom products has been intricately recreated as BIM Objects. Our in-house team uses industry-leading software to author accurate 3D models of your project. And we use Virtual Worlds to offer your customers a 4D experience of their future washroom.

# LONDON DESIGN AND SPECIFICATION CENTRE

Located in the heart of Clerkenwell, the Centre is a space for inspiration, information and research.

Our experienced team is available to offer practical advice on washroom specification.

# PRODUCT SUMMARY

**Fittings**  
Sensorflow Wave one hole basin mixer – A6161AA

**Urinal**  
Sphero Maxi urinal with back inlet, closed shroud, smart electronic sensor technology (mains) and easy maintenance bracket – S074101

**Wash Trough**  
Silhouette 1800mm 3 person wash trough with upstand & trap – S063401

**Fittings**  
Soap dispenser panel mounted stainless steel – A9209GN / Soap bottle remote 4 feed – A9241NU / Sensorflow 21 Compact 150mm wall spout – mains – A4846GN

**WC**  
Edit L wall hung bowl with AquaBlade Technology – S081901 / Edit L seat & cover – slow close – S082001 / Karisma dual flush plate – chrome – E4463AA

**Basin**  
Leadenhall 55cm washroom basin with back outlet – no tapholes – S205801 / Contour concealed basin hangers, toggle bolts and clips – S911267

**Fittings**  
Sensorflow 21 wall mounted 23cm tubular spout with separate sensor – mains – A4183AA

**Basin**  
Edit S 60cm under-countertop basin – no tapholes – S080801

**Fittings**  
Sensorflow 21 Compact deck spout – mains – chrome – A4852AA / Slotted waste with click plug – S88803AA

**Basin**  
Bishopsgate 45cm under-countertop basin with one left hand taphole and right hand soap dispenser – S067601

**Fittings**  
Sensorflow 21 Compact deck spout – mains – A4852AA / Soap dispenser deck mounted angled chrome – A9210AA

**Basin**  
Edit S 50cm inset basin – one taphole – S080901

**Fittings**  
Sensorflow Wave one hole basin mixer – A6161AA / Slotted waste with click plug – S88803AA

**WC**  
Edit S wall hung bowl – S081201 / Edit S soft close seat – S081301 / Karisma dual flush plate – chrome – E4463AA

**Basin**  
Edit S 45cm handrinse basin, left and tap deck – S080501

**Fittings**  
Sensorflow 21 Compact deck spout – mains – A4852AA / Slotted waste with click plug – S88803AA / Contemporary 32 x 75mm seal bottle trap – E0079AA

**WC**  
Edit R back to wall bowl with AquaBlade Technology – S079301 / Edit R seat & cover – slow close – S079801 / Edit Assist raised height back to wall bowl – S082501 / Edit R seat & cover – slow close – S079801 / Karisma dual flush plate – chrome – E4463AA

**Accessories**  
Contemporary 21 60cm straight grab rail (60mm projection) – chrome – S0830AA

**WC**  
Edit S wall hung bowl – S081201 / Edit S slow close seat – S081301 / Karisma dual flush plate – chrome – E4463AA

**Urinal**  
Profile 21 57cm back inlet rimmed urinal bowl – E570101

**Basin**  
Edit S 50cm countertop basin – no taphole – S080401

**Fittings**  
Edit R wall mounted single lever basin mixer – A1351AA / Basin mixer built in kit – A5948NU / Slotted waste with click plug – S88803AA

**Basin**  
Edit L 50cm wall hung basin – one taphole – S081401

**Fittings**  
Contour 21 SL basin mixer – BC120AA / Slotted waste with click plug – S88803AA / Contemporary 32x75mm seal bottle trap – E0079AA

**DOC M Pack**  
Edit Assist Doc M pack inc LH handrinse basin and 75cm projection wall hung WC bowl – chrome rails – S0832AA

**Urinal**  
Sphero Maxi urinal with back inlet, closed shroud, smart electronic sensor technology (mains) and easy maintenance bracket – S074101

**Together for Better**

Our rings are an enduring symbol of Ideal Standard Group.

They represent the partnership and collaboration between customers and our engineers, and between the world's leading industrial designers and our craftspeople.

They express our alliance of design and performance – our marriage of creativity and technology and our balance of form and function.

Above all; they symbolise our over-arching promise: Together for Better.
